MARSH®

Marsh Shipping Supply Co., LLC.

Introducing! The all new **MARSH TD2100 Manual Tape Dispenser.**

Reliable and Economical – carton after carton. A superb water activated tape dispensing system for permanent, tamper-evident carton sealing.

The TD2100 was built right for service, economy and dependability year after year. This is a highly durable, hard-working, and easy to use dispenser for your carton sealing operation...Case Closed.

All new "Apex" design guillotine style cutter.

420HC Stainless Steel. Provides long life and requires very little cleaning and adjustment.

All new wide track 1.5" (38.1mm) feed roll and pinch roll using a high coefficient of friction urethane insuring your tape is always on the move. Provides quiet and accurate tape feeding. Creates less dust; less cleaning, adjustment and won't damage tape.

Bigger is Better! 70 oz water bottle increases production "Up Time" with fewer refills.

Rubber valve reduces water spillage.

Largest bottle in the industry!

Water Bottle

70 ounces (2.07 L)

Shipping Weight

30 lbs (13.61 kgs)

Dimensions

18.9" L x 10.5" W x 13.7" H
(48.0cm L x 26.6cm W x 34.8cm H)

Electrical Requirements

(For Heater Models Only)

115 volts AC 50/60 Hz, 4 amps

220 volts AC 50/60 Hz, 2 amps

Power cord 7 feet (2.3m)

Warranty

18 Months, Limited

All new wide track 1.5" (38.1mm) feed roll and pinch roll using a high coefficient of friction urethane insuring your tape is always on the move.

FEATURES:

Heavy duty all metal uni-body chassis construction. powder-coat painted with industrial gray mock rock finish. Long-lasting, high strength injection molded enclosures.

Built-in, all metal adjustable tape guides. Maintains tape roll for smooth tape flow and accurate cutting and less jamming.

Easy-pull handle for variable tape lengths; 5" - 36" (12.7 cm to 91.4 cm) in a single pull. Longer lengths by additional pull. The handle returns itself and tape is cut off automatically. Adjustable, cushioned stop for repeat cut off of desired lengths.

Hot plate heater is safely located under the brush tank and heats 100% of the water for a more secure tape seal (Models with Heater Option).

Safety shroud protects user from the heavy duty "apex" design guillotine-style stainless steel cutter.

TDH0507

Gummed paper tape is not only environmentally friendly, it's also durable, easy to work with and quick-sealing.

Unlike some tapes that adhere just to the surface of the material they're applied to, the gummed tape is activated by water. When it's applied to a corrugated box, the moisture is absorbed through the box surface and into the corrugated flutes, forming a solid and secure bond.
